

CREATE A CLEAN HEART CONFERENCE

Defeating the Poison of Pornography in our Parish and in our Culture

In ever-increasing ways, the modern world has become saturated with a corruptive view of sexuality, especially with internet pornography. Its seductive power attacks marriages, family life, the hearts of our youth, and the human person's ability to understand or even experience real love. Many people in our world — and in our pews — suffer the afflictions of porn use and its consequences.

The *Create a Clean Heart Conference* will enable the Catholic Church to truly become a "field hospital" to the many people during this Year of Mercy. Conference attendees will be equipped with knowledge, hope, and practical tools to help bring the message of spiritual healing and freedom to their parishes and their families.
